BRAND STORY

About Aetheric AI

Mission Statement

RebootMe exists to empower young individuals to refresh their daily lives through stylish, accessible, and reliable tech products. We design modern lifestyle technology that seamlessly blends performance, simplicity, and self-expression—helping people upgrade how they live, move, work, and connect every day.

Vision Statement

To become the most relatable and aspirational tech lifestyle brand for the new generation, inspiring people to reset limits, embrace change, and continuously upgrade themselves through smart, well-designed technology.

Tone of Voice

Modern & Confident – Clear, bold, and self-assured
Youthful & Energetic – Never boring, never corporate
Motivational, Not Preachy – Inspires action without over-selling
Relatable & Human – Speaks with the audience, not at them

Brand Personality

The Upgrader – Always pushing forward
The Everyday Tech Companion – Present in daily moments
The Fresh Start Brand – Encourages reset and growth
The Minimalist Rebel – Clean, bold, and purposeful

02

BRAND LOGO

The Logo

The brand logo is the primary visual identifier and represents the brand's identity, values, and personality. It should always be displayed clearly, with proper spacing and proportions, and never altered, distorted, or recreated. Consistent use of the logo across all platforms ensures strong recognition, trust, and a cohesive brand presence.

reboot

Color Versions

The day color version of the RebootMe logo represents the core expression of the brand. It reflects RebootMe's confidence, strength, and modern premium identity, designed to stand out while maintaining clarity and sophistication.

This version should be used across primary brand touchpoints such as packaging, presentations, stationery, websites, and digital marketing materials where strong brand recognition is required.

Do not alter the logo's colors, proportions, or structure. Avoid stretching, rotating, or modifying the logo in any form. Always maintain sufficient clear space around the logo to ensure visibility, legibility, and impact across all backgrounds.

Monochrome Versions

RebootMe logo is designed to adapt seamlessly across different color environments while maintaining its clarity and recognizability. Use the color version on light, neutral, or brand-approved backgrounds to reflect vibrancy and approachability.

The monochrome version should be used when color reproduction is limited or when a clean, minimal aesthetic is required. Monochrome logos are created using a single color without gradients, shadows, or effects – ensuring simplicity and visual harmony.

Always choose the version that provides the best contrast and visibility for the background, ensuring the logo remains clear, confident, and human in every application.

The word "reboot" in a bold, lowercase, sans-serif font. The letter 'o' is stylized with a vertical cutout in the center. The logo is black and is centered within a white rounded rectangular background.The word "reboot" in a bold, lowercase, sans-serif font. The letter 'o' is stylized with a vertical cutout in the center. The logo is white and is centered within a black rounded rectangular background.

Color Versions

Our logo adapts gracefully to different backgrounds, ensuring visibility and impact. Whether on a bold backdrop or a softer tone, the logo stands out with its distinct design. This adaptability not only enhances brand recognition but also reflects the vibrancy & adaptability.

03

USAGE GUIDES

Exclusion Zone

Give logo breathing room. The exclusion zone ensures it stands out with clarity. This simple guideline guarantees our logo visibility and reinforces the harmony our brand represents..

Optimal Size

To maintain clarity and legibility across all applications, the RebootMe logo should always be used within the recommended size range. Avoid scaling the logo below the minimum pixel size to prevent loss of detail or readability. Ensure the logo remains sharp, balanced, and visually clear whether displayed on digital screens or printed materials.

Co-Branding

When RebootMe appears alongside a partner logo, maintain proper spacing to ensure balance and clarity. Both logos should be visually equal in presence, separated by the defined clear space, and never altered or merged in any way.

04

BRAND COLORS

Brand Colors - Primary

Our primary colors define the visual identity of our brand. These carefully chosen hues are designed to evoke the emotions and tones. Creating a vibrant and authentic spirit that speaks to our audience

Brand Colors - secondary

The secondary palette complements RebootMe primary colors, adding warmth, balance, and flexibility. These colors are used for accents, backgrounds, and functional elements such as call-to-action buttons or infographics. They should support – not overpower – the primary palette to maintain a cohesive and approachable visual identity.

Teal Blue

HEX #09D0DC
RGB (9, 208, 220)
CMYK (64, 0, 19, 0)

Mint Green

HEX #68E69D
RGB (104, 230, 157)
CMYK (52, 0, 55, 0)

Vivid Blue

HEX #025BFF
RGB (2, 91, 255)
CMYK (82, 65, 0, 0)

Strong Orange

HEX #F97400
RGB (249, 116, 0)
CMYK (0, 67, 100, 0)

Green Grey

HEX #CDD7CB
RGB (205, 215, 203)
CMYK (19, 8, 20, 0)

Accent Colors

Accent colors bring moments of life into RebootMe. They highlight action, success, or key interactions like rewards and notifications. Used lightly, they add emotion and vibrancy without stealing attention from the core palette.

Neutral Colors.

Our neutral colors act as the foundation of the brand, providing balance, clarity, and a clean professional look. These tones support the primary palette and help maintain a modern, consistent visual identity across all applications.

Carbon Gray

HEX: #111111
RGB: (17, 17, 17)
CMYK: (0, 0, 0, 93)

Soft Silver Gray

HEX: #E5E5E9
RGB: (229, 229, 233)
CMYK: (2, 2, 0, 9)

Pure White

HEX: #FFFFFF
RGB: (255, 255, 255)
CMYK: (0, 0, 0, 0)

Ink Black

HEX: #030204
RGB: (3, 2, 4)
CMYK: (25, 50, 0, 98)

Gradients

Gradients may be used to add depth and visual interest to RebootMe materials, but they must follow the approved color transitions to maintain consistency. Gradients should always be smooth, subtle, and applied in a way that does not overpower the layout. Logos must never be filled with gradients; they should remain in solid black or white. Gradients are allowed only in backgrounds, illustrations, and supporting design elements to enhance the overall aesthetic without distracting from the core brand identity.

Color Contrast

Proper color contrast is essential to keep the RebootMel clear and readable. Always place the logo on backgrounds that provide strong contrast, ensuring the black logo appears on light backgrounds and the white logo appears on dark backgrounds. Avoid using colors or images that make the logo hard to see or reduce legibility. Maintaining high contrast helps the brand stay professional, accessible, and visually consistent across all applications.

05

TYPOGRAPHY

Brand Typeface - Primary

The primary font is the main typeface used consistently across a brand's communications, reflecting its core identity and ensuring readability and cohesion.

Family

Thin	abcdefghijklmnopqrstuvwxyz
Light	abcdefghijklmnopqrstuvwxyz
Regular	abcdefghijklmnopqrstuvwxyz
Medium	abcdefghijklmnopqrstuvwxyz
Bold	abcdefghijklmnopqrstuvwxyz
Black	abcdefghijklmnopqrstuvwxyz

Secondary Fonts

The secondary typeface complements RebootMe primary font, enhancing visual hierarchy and versatility across materials. It may be used for highlights, quotes, or special content to add character and contrast. Always pair it thoughtfully with the primary font to maintain a consistent, balanced, and professional appearance.

06

VISUAL ELEMENTS

Brand Pattern

The RebootMe brand pattern is a visual extension of our identity, designed to add depth and recognition across various applications. It may be used as a subtle background element in stationery, digital media, social content, and corporate materials. Always apply the pattern with balance and clarity – it should enhance the design without overpowering the core brand elements such as the logo or typography.

Iconography

RebootMe icons are simple, friendly, and intuitive designed to guide, not distract. With clean lines, smooth curves, and balanced shapes, they reflect the brand’s approachable and tech-forward personality. Every icon feels part of the same system, helping users navigate with ease while keeping the experience fresh, human, and unmistakably Go.

07

DO'S & DON'TS

Logo Do's

Using the RebootMe logo correctly is essential to maintain a consistent and recognizable brand identity.

Don'ts

The RebootMe logo has been designed to ensure optimal results when reproducing it at a variety of sizes across different types of media. Use the logo according to the specifications in these guidelines. Improper use of the RebootMe logo diminishes the impact of the brand identity and compromises our ability to protect it legally.

Take care to avoid the possible misuses of the RebootMe logo as shown here. The only acceptable alteration of the logo is increasing or decreasing its size through proportional scaling of the original vector artwork. The following incorrect uses apply to all logo versions.

Do not change the colors of the symbol or wordmark or add visual effects.

Do not use the wordmark on its own without the amoeba.

Do not apply effects to the logo.

Do not compress or skew the logo.

Do not add color gradients within or behind the logo

Do not use the logo as a holding shape for masking imagery or graphics.

Do not place the logo over complex busy or low contrast imagery

Do not use the logo in Blur

Do not rotat or lockup

Do not use the unapproved colors.

Do not use the outline logo or wordmark

Do not reflect the logo

08

APP ICON

App Icon

The app icon is a core visual representation of the brand and should remain clear, recognizable, and consistent across all platforms. It should use the primary logo mark or symbol without additional text, ensuring strong visibility at small sizes. The icon must be placed on a clean, balanced background with sufficient contrast to maintain legibility and brand integrity on all devices and screen resolutions.
